

COMMUNITY GRANTS GUIDELINES

AMOUNT: \$1,500 - \$10,000

DEADLINE: JANUARY 31, 2019

ABOUT COMMUNITY GRANTS

West Vancouver Foundation supports charitable organizations working to create and sustain a healthy and vibrant West Vancouver, where everyone is valued, contributes and feels they belong.

Community Grants support a wide range of community projects that create connection and belonging for the community of West Vancouver.

ABOUT CONNECTION AND BELONGING

Through our Vital Signs research and community engagement, we learned that belonging is integral to community health and well-being. Research shows that when communities are made up of people who feel they belong and who trust each other, we are healthier, social inclusion improves, neighbourhoods are safer, and we are more resilient in the face of emergencies. We also give more of our time and money to support our community.

Belonging has two interrelated parts and we support both with our Community Grants: *Building Community* creates the conditions and places for people to connect – such as building structures and infrastructure – our built environment; and *Community Building* connects hearts and minds through programs - opportunities for arts, culture, recreation, and for connection, inclusion, participation, and contribution.

IMPACT AREAS

The Community Grants program supports charitable work in the following Fields of Interest:

- Arts, Culture, and Heritage
- Youth and Education
- Health, Wellness, and Safety
- Sport & Recreation
- Environment

WHO CAN APPLY

A non-profit is eligible to apply if it serves the West Vancouver community and is a [registered charity or qualified donee](#) with the Canada Revenue Agency (CRA).

A nonprofit organization that is not a registered charity wishing to apply for funding from the Foundation may consider developing a formal and genuine partnership with a registered charity whose mandate is similar. The registered charity would apply for funds for the proposed project and receive the funds on behalf of the nonprofit partner. The CRA requires this relationship to be set out in writing, signed by the charity and nonprofit organizations. [Click here](#) to visit CRA's website for more details. The relationship between the Charity and the nonprofit must be an appropriate link, not simply one of convenience (e.g. a library would not be an acceptable intermediary for a little league baseball team).

Terms of the agreement should include:

- a full description of the project being funded;
- responsibility to the charity for ensuring the project is completed by the nonprofit as described;
- responsibility to the charity for distribution of funds to the nonprofit as work progresses on the project; and
- responsibility/accountability of the charity to the Foundation for performance of the nonprofit for the project.
