

WHO ARE WE?

The West Vancouver Youth Philanthropy Council (YPC) is a youth led organization dedicated to identifying the issues youth are facing in our community, and solving them through philanthropy.

ENVIRONMENT CAMPAIGN

We are so excited to announce that we are hosting our first environmental campaign! Throughout the year, residents across the North Shore will be informed about different environmental topics each month through various fundraisers, contests, information sessions, and additional events. These events will highlight actions we can all take to combat climate change and reduce our carbon footprint. For more information, visit our Instagram @ypcwestvan to help us raise awareness about these crucial issues, and ultimately, create change in our community.

ACT OF KINDNESS

A special thank you to our generous donors: TD Bank (Park Royal North Branch), Silvercorp, Denning/Chunn family, Li family, Yoo family, McDonald family, Ert family, and Carolyn Coleclough.

The members of the Youth Philanthropy Council organized an Act of Kindness event on December 11th 2021 where youth gathered to make holiday cards and gift bags for vulnerable youth, while enjoying festive music and holiday activities and giving back to the community on the north shore. The event was sponsored by the West Vancouver Foundation and the Small Neighbourhood Grants Program.

VITAL SIGNS

We were fortunate to have had the opportunity to listen to a presentation from Elaine McHarg of the West Van Foundation. Council members learned about Vital Signs, allowing YPC to better understand the community and youth issues.

EFFECTIVE MEETINGS

YPC recently held a Communication and Business workshop, hosted by David Zou, a student at Western University. The council had the opportunity to learn how to hold effective meetings and encourage collaboration.
