About Give Where You Live Grants

The **Give Where You Live** campaign is a community giving program that creates an opportunity for individuals to learn more about local charity programs and donate to support those programs.

Community donations will be matched by existing WVF Funds up to \$10,000.

There is no guarantee as to how much will be raised and much of the success will be influenced by the ability of participating organizations to promote the campaign to their audience.

About Give Where You Live Grants

100% of donations are passed on to the charity partners, less credit card processing fees.

In 2022, there were 8 partners and funding amounts ranged from \$11,000 - \$62,000. Most goals are between \$10,000-\$50,000.

In order to be matched, donations must come in through WVF (either through the online portal or cheque/securities to WVF), by Dec 31.

A unique URL will be provided to each partner for their donation page.
